Watkins M. Abbitt Presented Distinguished Service Awards

Washington, D. C. — Representative Watkins M. Abbitt, (D - VA) was among those presented Distinguished Service Awards by the Americans for Constitutional Action at a reception here last night.

The award, presented by the Board of Trustees was given in recognition of Representative Abbitt's conservative voting record and marks the second consecutive Congress in which the Appomattox Congressman has been honored.

Americans for Constitutional Action is a non - partisan organization which presents its award every second year to those Representatives and Senators whose voting records support legislation which strengthens and defends the political, economic and social system upon which the United States has grown and prospered to the greatest nation the world has ever known.

Among those on the ACA Board are former President Herbert Hoover, Charles Edison, former Democratic Governor of New Jersey, Edgar Eliseshowser, brother of the former President, and others.

In presenting the award to Abbitt and others, Admiral Ben Morcell, Chairman of the Board of Trustees, said: "It is because there are in the Congress of the United States, men and women such as Representative Abbitt, who are aware of the pitfalls which lie along that course, and who have the courage and devotion to principle to wage vigorous battle to avoid them, we have been able to preserve the time - honored traditions of our people.

"The award announced here tonight," continued Admiral Morcell, 'does not imply any commitment to support those principles in the future. ACA does not and will not impugn either the patriotism or the probity of those legislators who do not agree with its views. Our purpose tonight is solely to honor Representative Abbitt who, ACA believes, has acted to preserve the integrity of our Constitution."

TIMES FARM NEWS

LET'S GET A GOOD STAND OF TOBACCO, Jim Smith County Agent, urged today. A good stand from the first transplanting of tobacco will result in higher yields, better quality tobacco, more money and less work. Here are 4 reasons why:

1. Time and labor are required to draw plants and replant fields.
2. Cultivation is difficult because plants are of different sizes.

Harvesting and grading problems are greater because leaves on replants do not mature uniformly with leaves from older plants.

4. It is often difficult to get replants to live because of high temperature and dry weather.

Less replanting is necessary, and you will have better crops when you do these things:

1. If beds are dry, water them well before pulling plants. This prevents breaking off fine feeder roots.

2. Just before pulling plants for transplanting, dust or spray plants with DDT.

3. Plant only stocky, healthy, disease free plants of uniform size

4. Avoid fertilizer burn to roots of newly set plants by not having large amounts of fertilizer too close to plants. Limit the amount of fertilizer applied in the row to 1000 lbs of 4-8-12 or 1300 lbs of 3-9-9. When high rates of fertilizer are used, part should be broadcast or applied as a side application.

5. Allow 10 to 14 days between time soil is fumigated and plants set in field.

6. Prevent roots from drying between time of pulling and transplanting.

7. Water and transplant instead of planting with a peg when soil is wet.

8. Control wireworms, cutworms and flea beetles on newly set plants. The most satisfactory control of wireworms and flea beetle larvae is obtained by using insecticide in transplanting water. See MS-108. Control Wireworms, Cutworms of Tobacco.

9. Water beds after each pulling to firm soil around plants left in the bed.

Area Farmers Reject Rigid Wheat Controls

Farmers in surrounding counties are against stricter governmental control of crops according to the vote in Tuesday's referendum. An eight county survey Wednesday shows that of 3,636 votes cast, 1,639 were for tighter controls, 1,784 against. Amherst, Appomattox, Bedford, Campbell, Nelson Pittsylvania, Prince Edward and Rockbridge, the Appomattox the 'for' vote outnumbered 'against' by 95. Final count; 267 to 160 out of a possible 459 eligible voters.

Whether or not there will be more rigid controls will depend upon the outcome of the wheat referendum nationally. Approximately 1,800,000 wheat farmers were eligible to vote in the referendum on Tuesday. The final result may not be known for several days.

THIS is the 12th referendum since 1941 when the present program was first started.

However, this is the first time that farmers with 15 acres or less have voted. This year considerably more farmers are voting and the program will have much stricter controls.

The proposed program would cut the 1964 wheat acreage 10 per cent, from 55 million acres to 49.5 million acres. The wheat would be divided into two price categories. Eighty per cent of the 1964 crop would go for domestic food use and exports and would be supported at $2 per bushel. The remaining 20 per cent would go for livestock feed and other nonfood uses and would be supported at $1.30 per bushel.

If the program is rejected, acreage allotments will continue and price supports will be available at about one-half of parity, or about $1.25 per bushel. There will be no marketing quotas or cash penalties for excess production.

Virginia wheat averaged about $1.95 per bushel last year. Area farmers are apparently taking a chance that this price will continue without the handicap of governmental controls.

In addition to planting cornflowers, plant also their close relatives, the sweet sultans. These have fragrant flowers, larger than those of cornflowers.

During the pastorate of Rev. G. M. Bishop, Dr. H. P. Clarke, District Superintendent the church was remodeled and Sunday School rooms added increasing the property valuation to $20,000.00 and on April 10, 1938 impressive consecration services were held and the following pastors served in succession: L. C. Shearer, W. R. Reed, P. M. Lucas, R. C. Maxwell, B. T. Price, L. H. Richcreek.

Dedication services were held on July 16, 1944, conducted by the pastor, Rev. W. R. Reed, with the sermon delivered by Bishop W. W. Peele.

Rev. A. J. Bergdoll was appointed pastor in June 1957 with Dr. J. F. Owens, District Superintendent, and on September 7, 1958 the congregation decided to purchase the five and one-quarter acre lot at the corner of Court Street and Virginia Avenue. The site for the present new church was consecrated during impressive services conducted by Dr. J. F. Owens on November 9, 1958.

A Building - fund campaign to solicit financial response for the proposed venture of faith was launched by Ralph L. Haga, Executive secretary of the Virginia Conference Board of Missions on March 1, 1959, which campaign resulted in cash and pledges totalling over $65,000.00 for a three year period.

On May 1, 1959 negotiations were begun with Godwin W. Draper, of Richmond, as architect, assisted by Henry L. Burrage of Ashland, and on March 13, 1960 the congregation voted unanimously to sell the old church building located on Church Street to the Pentecostal Holiness Conference of Eastern Virginia for $25,000.00.

The Building Committee composed of Ivey Holland, Chairman, John S. Grinels, Secretary, and C. W. Smith, Grover E. Smith, Fred H. Lawson, and Thelbert M. Treas, were instructed by the Quarterly Conference on March 12, 1961 to proceed according to the plans for the construction of the new church and J. E. Jamerson & Sons were employed as the contractor, with actual construction beginning on May 1, 1961.

What Are Odds?

Here's a poser for readers who like mathematics. In the April 18 issue of the TIMES, a picture of the Tabb triplets was published. Original notes on the girls' names had been misplaced, so we took a long breath and made a guess at the proper left to right order. When the original envelope showed up we found we had been RIGHT! Left to right the girls on page 4A were Elizabeth Bruce Tabb, Ann Randolph Tabb, and Peggy Winston Tabb, daughters of the John Tabbs, of Williamsburg, and granddaughters of Mrs. D. C. Trent, Appomattox.

TO THE PEOPLE OF APPOMATTOX COUNTY

We urge you to support and vote for Walter C. Conner for Sheriff of Appomattox County to succeed himself.

Walter Conner is well qualified and has demonstrated his ability to fill the position in a most satisfactory manner. He has been Sheriff of Appomattox County since December 1960 when he was appointed to fill the vacancy created by the death of Sheriff Robertson. Prior to this, he was Deputy Sheriff for over ten years. He is a veteran of World War II having served four years and eight months with thirty-two months overseas in actual combat. He was the first man to be called up for service from Appomattox County.

Mr. Conner will devote his full time to the job. He has no other income and needs the position to support his wife and two children who are in school.

We believe his experience as a soldier with thirty-two months of actual combat service, Deputy Sheriff for ten years and now Sheriff well qualify him for the position he seeks.

Mr. Conner was A-1 when the time came to face the enemy and risk his life to protect our country. He should be A-1 now!
